VD_FIRSTNAME,

No secrets here: I’m running for reelection—and I’m counting on your help.

Help me keep the fight alive by donating to my reelection campaign now. >>>

I’m a champion for common-sense, conservative principles. That’s why no matter what happens in Washington, I am always putting the people and families of Arkansas first.

It’s time Congress learned a thing from us, VD_FIRSTNAME, and with your help, I promise I’ll fight every day to teach them.

We’re going to fight back inflation—together. Because we have no other choice. Working families are struggling enough as it is without the rising costs of everyday goods.

We’re going to end out-of-control spending—together. Because balancing the budget is common sense work and Washington needs a lesson on the value of a hard-earned dollar.

We’re going to hold foreign threats accountable—together. Because as Chairman of NEED COMMITTEE NAME, I have the power and the responsibility of putting America’s interests first.

VD_FIRSTNAME, I’m a proud conservative fighter who knows our government should work for the people—not against us.

Donate today and help me continue showing those bureaucrats in Washington how we do things down here in Arkansas—together.
